DESCRIPTION

Topseller and market standard for light boxes.
Absolutely crease free, therefore perfect for folded shipment, sun umbrellas, tents, blow-ups, beanbags, lighthboxes, aluframes, etc.
Uncoated side with Lotus-effect. Water column coated side > 900 mm, uncoated side > 650 mm.

NOTES

DyeSub paper transfer on uncoated side: self-tests are obligatory! For Latex prints with a very high ink-load (backlit) self-tests are obligatory! Do not use self-adhesive products as flat profile 4545-1sk for processing (lotus on the back).

The numbers above are purely guidelines and may differ depending on your personal printing needs and expectations. Since the printing results depend on numerous factors, we strongly advise to test your output in order to find out if any adjustments are necessary. A legally binding assurance of certain properties of the fabric can not be derived from the information above.
