

be.tex® NoWo Stitch 130 | Product no.: 5002-3

PRODUCT FEATURES

Material: 100% polyester
Weight: 130 g/m²
Thickness: 500 µm
Whitepoint: 88,5*0,5*-4,5 L*a*b
Breaking force: 170 N/15mm
Elongation at tear: 40 %
Tear resistance: 85 N/mm²

APPLICATIONS

banners

FEATURES

100% recyclable
both sides printable
no fraying
good flatness

DESCRIPTION

be.tex® NoWo Stitch 130 is a fabric-like synthetic material (non woven). It's incredibly strong (high tear resistance), light (130gr/m²) and eco-friendly (100% recyclable). It's a low cost product mainly for sport events, fences and banners with high volumes. But it's also possible to use it for bags etc. The common products in the market are polypropylene. be.tex® NoWo Stitch 130 is 100% Polyester and thereby printable with dye-sub and 100% recyclable.

NOTES

Different performance in length and width:
Tensile strength: >170N in width and >80N in length
Breaking elongation: >14% in width and >40% in length
Tearing resistance (trapezoid method): >30N in width and 85N in length

The numbers above are purely guidelines and may differ depending on your personal printing needs and expectations. Since the printing results depend on numerous factors, we strongly advise to test your output in order to find out if any adjustments are necessary. A legally binding assurance of certain properties of the fabric can not be derived from the information above.
